From: Harold Rhode, Chief, John H. Enders Volunteer Fire and Rescue Co.

Date: 13 June 2013

Subject: John H. Enders Vol. Fire Company and Rescue Squad

The John H. Enders Volunteer Fire Company and Rescue Squad has proudly served the Town of Berryville and the County of Clarke for over 113 years. During that time there have been many changes, not only in the community itself, but in the fire company and the wonderful people who volunteer their time protecting the citizens and property of this community.

It is with mixed emotions that I am writing this letter, though the obligation to serve the community with the community's best interest in mind prevails. The John H. Enders Volunteer Fire Company and Rescue Squad can no longer adequately meet the growing needs of the community. Volunteerism is at an all-time low. Training requirements mandated by the State are ever increasing, and there are not enough volunteers willing to put in the required hours to safely and adequately serve the community. There are calls that go unanswered by Enders, even when only a driver is needed to support the one Career person on duty.

There was a working structure fire not long ago that was responded to by a two volunteer engine crew, where one person attacked the fire and the other pumped the truck. Career staffing on this day was one person with a volunteer ambulance driver. The interior attack was performed by a single firefighter on the hose line. This is in violation of all current established practices. NFPA 1720, Standard for the Organization and Deployment of Fire Suppression Operations, Emergency Medical Operations, and Special Operations to the Public by Volunteer Fire Departments, 2010 Edition, recommends that at least four persons be on scene before any interior fire suppression operations are begun in a hazardous environment. At that point, two members must work as a team within the hazardous environment and there must be two available outside, in case a rescue needs to be performed. Additionally, there are EMS incidents that go unanswered by Enders, or where a provider waits on the scene for as long as 30 minutes for a transport unit to arrive from a neighboring Company or Jurisdiction.

*OK*  
I write this now, with the hopes that something can be done before someone is hurt or otherwise endangered. (There simply are not enough volunteers to do the job any longer without increased assistance from career staffing) and the volunteers who are dedicated, are getting burned out by working a full time job and running as many as 5 calls per night as a volunteer.

In October 2009, Chief Jason Porter wrote a letter to the Clarke County Board of Supervisors (copy attached) stating that Enders could no longer meet the needs of the community and that additional career staff was necessary to adequately protect the Town and County. No changes were effected as a result of that letter. With Rose Hill Nursing Home (110 Chalmers Court), Greenfield House (413 McClellan St), and

Mary Hardesty House (218 Moseby Blvd), Enders is unable to respond with enough personnel to respond to the call volume of these high needs businesses and still protect the surrounding community. With the proposed construction of another Mary Hardesty House, and more assisted living businesses in the plans, our call volume will increase even more.

Additional career staff is required to meet this need. Clarke County EMS has two career persons on duty during the day from 0600 to 1800 hours on most weekdays. There are times when only one career person is available, and it is up to the volunteers to provide another person. Most times, that volunteer is not trained at the same level as the career person. They may only be an ambulance driver. If a fire call comes in, that person may not be a qualified firefighter or Engine driver. There are not enough qualified people to safely respond to incidents during the day.

I request that Clarke County Emergency Services staff with a full time Supervisor, who works a regular Monday through Friday shift and additional operational personnel. This will allow better supervision and interaction with all members of the staff. All career staff shall be trained not only as EMS providers, but also certified Firefighters. Not only shall two ALS (EMT-I or EMT-P) providers be located at Enders Station 1, but also at least two BLS (EMT-B or EMT-E) providers as well. That way, a BLS provider can drive for the ALS provider, and still leave another ALS transport unit available in the station. This staffing level should be the same for all 7 days of the week.

Though not confirmed, I have been told that Frederick County will begin "Fee-For-Service" with soft billing for residents of Frederick County in the not too distant future. However, for services provided outside of Frederick County, there will be no "Soft Billing". This means that for those instances where Enders fails to respond to a call and the next nearest service provider is from Frederick County, that resident will be charged and taken to collections for payment.

Clarke County Emergency Services Supervisor Donald Jackson has begun to develop a plan to apply for a FEMA sponsored Staffing for Adequate Fire & Emergency Response (SAFER) Grant, which will cover a period of three years salaries and equipment to support additional staff. At the end of that three year period, it would be the responsibility of the jurisdiction to cover the salaries. This would be enough time to prepare a budget, secure a revenue stream, and prepare to provide adequate services to the residents of Clarke County and the Town of Berryville. Staffing should be evaluated not just for Enders, but for all County Companies, and the details of the SAFER grant should be worked out by the Clarke County Chiefs working group.

I hope that you will consider this request and take appropriate action to safeguard the lives of your families and mine, as well as all the rest of Clarke County and the Town of Berryville.

Sincerely,

Harold Rhde, Chief

To: The Clarke County Board of Supervisors:

My name is Jason Porter. I'm the Fire Chief of John H. Enders Fire Company and Rescue Squad, Company 1. As I know you are aware John H. Enders has served this community with volunteers since 1900. In the 1990's the volunteers requested assistance in responding to EMS calls and the county began to hire "Career Medics" to augment the EMS service provided by the volunteers. We are now heading into 2010 and it is time for the career staffing levels to be adjusted to keep up with the complexity and frequency of EMS calls in the County. I had a meeting with John Staelin and David Ash in early October to talk about the needs of Fire & Rescue specific to John H. Enders Fire Company and Rescue Squad. At this meeting I expressed my concerns over current staffing levels and the needs of our community to respond timely and safely to all EMS calls.

I would like to request that the Clarke County Board of Supervisors increase the career staff at Company 1 on weekends by adding one additional career medic during the day. This increase on Saturday and Sunday would help address an immediate need to better serve our community and bring the career level to two during each day. I would like to state this is not a short term fix but will be an ongoing need for the future. I also believe the County Board should plan on adding additional career staff to include one additional overnight staff and plans to staff other county stations with personnel during the day.

I hope the Board of Supervisors can understand the urgency of my request even with the budget issues facing the county and town today. John H. Enders recently had a special meeting to talk about how to better respond to the EMS calls in our first due area. We discussed many ways the volunteers can work to help out. All of the suggestions came down to funding and time, both of which are hard to find as calls become more complex and training requirements increase. There was even discussion of having Company 1 pay for staffing on weekends. This cost is not something the Volunteer Company can afford. Our operating budget is close to \$400K annually and our capital needs continue to grow along with operating cost. The volunteers are extremely committed to serving the public and providing the best service possible. This dedication has saved the tax payers in our county thousands of dollars but more importantly has served to save lives and property of fellow citizens.

I make this request with great appreciation for career personnel and tremendous respect for the volunteer system that has served this community for over a hundred years. I make this request as a Chief who knows that the only way to meet the needs of the community, our community is to grow both the career staff and volunteer base. I know my station along with the other stations will work to increase volunteers and get them trained and qualified but we need the county to help the overall system by adding career medics today and plan for the future. Without the addition of people there is an increased risk for the citizens of Clarke and the Emergency personnel who respond to their needs. Please honor this request as soon as possible.

If you have any questions or would like to meet with me about Fire and EMS in Berryville please do not hesitate to ask. My contact information is below and I look forward to hearing/seeing your response.

Respectfully,

Jason Porter, Chief

DRAFT

Chief Harold Rohde  
John H. Enders Fire Co., Inc. & Rescue Squad  
9 North Buckmarsh Street  
Berryville, VA 22611

Dear Chief Rohde:

The Berryville Town Council is in receipt of your June 13 letter concerning staffing concerns in your department. This matter was discussed at tonight's meeting and the Council agreed to have me respond on behalf of the Town.

Let me first say that the Town of Berryville is very proud of John H. Enders Fire Company. We are proud of all of the good work that you and your volunteers do. We are proud of this community for all of the support it has given to your company over the past 113 years.

We recognize the challenges faced by your company. Because the Town has recognized the stress on your company it has provided financial assistance to both John H. Enders Fire Company (FY14 \$ 25,000) and Clarke County for paid staff (FY14 \$ 67,380). The Town also provides personal property tax relief for active John H. Enders Fire Company members (average annual abatement totals approximately \$550). The assistance to the County for staffing in particular is a stopgap measure and is not intended to continue ad infinitum.

It is important to make clear that in our opinion the provision of fire and rescue services in Clarke County is a County function. As such, funding for paid staff and equipment should come from one local source (County) for the following reasons:

- Provide for efficient administration, including the possibility of fee for service
- Provide for a clear chain of command for employee supervision and accountability
- Provide for an efficient means of managing the relationship between paid staff and volunteer organizations
- Provide for clarity and transparency for taxpayers who would fund the service

We support the efforts of the Clarke County Board of Supervisors to establish a committee to review the current status of the County's public safety providers and recommend actions that will help ensure the County's public safety organizations can adequately meet the needs of the public. We will participate in that process as Chairman Hobert sees fit.

Rohde

Should you wish to discuss this matter with me I am sure that we can find a time that works for both of our schedules. Please let me know if you would like to meet.

Thank you for all that you do in your capacity as Chief.

Sincerely,

W. Neal White – Chief of Police

## Police and Security Committee Meeting

Minutes

August 7, 2013

**Attendance:** Mary Daniel – Chair, Dave Tollett, Keith Dalton – Town Manager, Neal White – Police Chief.

The meeting was called to order at 2:09 p.m. by committee chair Mary Daniel.

Chief White reported that the National Night Out event held in Rosehill Park on August 6, 2013 was a big success. Between 250 and 275 members of the community turned out to participate in the event. The event was organized by Master Patrol Officer Fritts who did an outstanding job. There was also great support from the community through donations and assistance. A list of contributors is attached to these minutes.

Chief White advised that two of the vacancies in the department have been filled at this time. Andrew Moreland and Jorge Zavala have both started with the department and are doing well. Andrew Moreland is currently certified in Virginia and is going through the field training program. Jorge Zavala was previously Virginia certified, but needed to attend a few sections of the basic academy in order to update his certification.

There is still one vacancy in the department and interviews are being scheduled to fill that position.

Mr. Tollett asked if there is an additional supervisor to fill within the department. Chief White advised that there will be a promotion process once the final position is filled, but that there is not an additional position. The department routinely has two line supervisors and the promotion will be performed in-house as opposed to a lateral transfer from outside the department.

Chief White updated the committee that unofficial word had been given that the Safe Routes to School infrastructure grant will be funded. This grant was applied for in order to improve the sidewalk conditions along Swan Avenue that serve Johnson-Williams Middle School. More details will follow in the near future.

W. Neal White – Chief of Police

Chief White advised the committee that all of the department vehicles now have Knox Box keys installed in secure structures inside the vehicles. The keys will be utilized for emergency access to structures in case of emergencies.

Committee Chair Daniel asked if there had been any movement on obtaining exterior vest covers for officer's body armor. Chief White advised that it has been a difficult process on getting a response from vendors because of the size of the department, but that the project is still on-going.

The committee then discussed modifications to the existing noise ordinance for the Town. Chief White presented the committee with a draft of a revised ordinance for discussion. Chief White had reviewed several ordinances from other jurisdictions and incorporated elements that would apply to local issues concerning noise that the department had historically encountered. The committee will review the ordinance and be ready to make recommendations at the next Police and Security Committee Meeting.

The next meeting for this committee was set for September 4, 2013 at 11:00 am in the A/B meeting room of the Joint Government Center.

Being no further business, the meeting was adjourned at 3:04 pm.
