**Repeal and Replacement of Chapter 8 of the Berryville Code and Adoption of Related Policies**

**February 27, 2019**

**Discussion**

---

**February 27, 2019 Report**

On November 28, 2018, the Public Safety Committee reviewed a draft of Chapter 8; draft ordinance for adoption of Chapter 8; draft Refuse, Recyclables, and Yard Waste Policy; four draft Policy appendices, draft ordinance for adoption of Policy and appendices; draft Collection times; and a draft Solid Waste Collection Ordinance and Policy Implementation/Communications Plan.

Comments / Concerns expressed by the Committee included:

- Need a Transition Plan
- Examine what would be a proper threshold at which a multi-family building/complex would be considered commercial use
- Definition of dumpster – is the term dumpster proprietary?
- Definition of hazardous waste - are water based paints considered hazardous waste?
- Definition of recyclables – should definition be narrowed to better represent household recyclables?
- Notice provided under Section 8-4 – how is it given and timeframe for compliance?
- 8-7 Dumpsters – can the Town charge civil penalties if dumpsters are not screened?
- Section 8-21 Placement of containers on collection day – add that they are not placed on the property of others
- 8-22 Certain solid waste and refuse and garbage not collected – process for tagging and notification of Town/Town Manager – procedure for addressing
- Appendix 2
  - o Committee gave direction as to the number of totes and bins should be issued
  - o Where is decal to be affixed?
  - o Address “uses” more clearly
- Appendix 3
  - o Fence height in Business or Industrially zoned areas provided a maximum enclosure height of 14 feet (changed from 10 feet)
- Correct typographical errors

The attached drafts contain certain notes and blank spaces which are highlighted in yellow. These items are being researched or will be addressed by legal counsel when he reviews the draft.

The Implementation / Communications Plan must be updated by the Committee to ensure that meeting dates will work with everyone’s schedules.

The Committee needs to address the Implementation /Communications Plan as the process is no longer tracking with the Plan. Further, staff requires more guidance as to what the Committee wants included in the Transition Plan.

### **Recommended Action**

Update Implementation Plan and complete review of ordinance and policy. Staff will make any changes required by the Committee and forward the drafts to legal counsel for review.

### **November 28, 2018 Report**

#### **Overview**

The Police and Security Committee (now Public Safety Committee) directed staff to review Chapter 8 of the Berryville Code. Specific direction given to staff by the Committee membership includes:

- Examine the elimination of multiple garbage toters at various occupancies within in Town, particularly those properties on which there is located commercial use
- Eliminate Town provided dumpsters
- Examine establishment of standards for issuance of garbage toters and recyclables bins (see chart attached to Appendix 2)
- Examine requiring commercial uses that can reasonably meet their own garbage removal needs to do so
- Examine requiring that all dumpsters visible from public rights-of-way be screened
- Update language for to reflect current collection regimen

#### **Draft Chapter 8 and associated supporting documents**

Please find attached the following:

- Draft Chapter 8 of the Berryville Code (dated 11/26/18)
- Ordinance for adoption of Chapter 8
- Current Chapter 8

#### **Highlights of Draft Chapter 8**

- It is intended that the existing Chapter 8 would be repealed and replaced with an entirely new chapter.
- New language is structured to be uniform for garbage and refuse collection, recyclables collection, and yard waste collection.
- The new language provides for policy that will address specifics preparation of waste, issuance of garbage toters and recyclables bins, and dumpster enclosure requirements.
- §8-1 provides definitions of key terms.
- §8-2 provides the Town Council and the Town Manage the authority to adopt policies and procedures in accordance with this chapter
- §8-3 provides for general penalty for violation of the provisions of the chapter.

- §8-4 addresses unlawful accumulations of solid waste on properties in town. An important change in this section permits the Town Manager to address removal of such accumulations where the existing ordinance requires Town Council action.
- §8-5 addresses disposal of solid waste that was generated outside of Town but has been deposited in Town. Note change in enforcement level.
- §8-6 addresses misuse of Town litter receptacles.
- §8-7 addresses the location of dumpsters in the Town. Staff determined that several issues needed to be addressed beyond the requirement to have screening. The issues addressed include: temporary (generally associated with construction) or permanent placement, and maintenance of dumpster areas. §8-7-b will provide the timeframe for all dumpsters visible from public rights-of-way to be screened.
- §8-15 – 22 addresses the Town collection of garbage and refuse and recyclable materials. §8-16 provides the Council with the authority to establish Special Service Areas if it so chooses. If the Council wishes to establish a Special Service Area, then Town staff would provide them with a list of properties to consider for curbside collection.
- §8-23-26 addresses the Town collection of yard waste
- §8-8-36 addresses collection of solid waste by others

### **Draft Garbage and Refuse, Recyclables, and Yard Waste Policy and associated supporting documents**

Please find attached the following:

- Draft Garbage and Refuse , Recyclables, and Yard Waste Policy (dated 11/26/18)
  - o Appendix 1: Preparation and Placement for Collection by Town
  - o Appendix 2: Issuance of Toters, Bins, and Decals (including direction provided by Mayor Dickinson)
  - o Appendix 3: Dumpsters
  - o Appendix 4: Special Service Area Ordinance
- Ordinance for adoption of Garbage and Refuse, Recyclables, and Yard Waste Policy
- Draft Collection Routes and Times

### **Overview and Highlights of the Garbage and Refuse, Recyclables, and Yard Waste Policy**

- The proposed policy establishes standards for:
  - o Curbside collection of garbage and refuse, recyclables, and yard waste
  - o Establishes the number of toters and bins will be issued as well as how identifying toter decals and bin decals will be issued
  - o Siting, screening, and maintaining dumpsters
  - o Provides for establishment of a special service area in which curbside collection of solid waste will be provided for uses other than single-family occupancies

**Recommended Action**

The Committee is asked to review the attached drafts and provide comment by 9 January. Staff will address comments for the Committee's 23 January 2019 meeting. After that review, the drafts will be sent to legal counsel for review.

An Ordinance Adopting a Garbage  
and Refuse, Recyclables, and Yard Waste Policy

BE IT ORDAINED, by the Council of the Town of Berryville, in accordance with Section 8-3 of the Berryville Code, that the Council hereby adopts the attached Garbage and Refuse, Recyclables, and Yard Waste Policy; with said policy becoming effective on \_\_\_\_\_.

BE IT FURTHER ORDAINED, by the Council that it hereby authorizes the Town Manager to make amendments to the Garbage and Refuse, Recyclables, and Yard Waste Policy; provided that such amendments are submitted to the Council within fifteen (15) days of issuance and that the Council will then either adopt, adopt as amended, or reject said amendments within sixty (60) days of issuance by the Town Manager. Amendments not adopted or adopted as amended within sixty (60) days of issuance by the Town Manger shall be deemed rejected and shall cease to be in effect.

**Garbage and Refuse, Recyclables, and Yard Waste Policy**  
**Draft 11/26/18**  
**Amended 2/26/19**

**Authorization**

This policy is adopted in accordance with Section 8-3 of the Berryville Code.

**Purpose**

The Town of Berryville regulates the storage, collection, and transportation of solid waste within its corporate boundaries in order to promote and protect the health, safety, and welfare of its residents and visitors. Such activities shall be regulated in accordance with federal, state, and local law.

**Policy**

Applicable provisions of the Berryville Code, procedures contained herein, and determinations made by the Council or Town Manager in accordance with Berryville Code or this Policy; shall constitute local requirements for the storage and collection of solid waste in town and its transportation from town. The Town of Berryville reserves the right to modify requirements, including items collected and collection routes and schedules.

**Procedures:**

**I. Garbage and Refuse, Recyclables, and Yard Waste Collection**

**A. Garbage and Refuse Collection**

1. Single-family residential uses (excluding bulk and appliance collection)

The Town of Berryville provides once per week curbside garbage and refuse collection for single-family detached, duplex, and townhouse, uses in the town in accordance with provisions of Chapter 8 of the Berryville Code and policies and procedures established by the Council or Town Manager.

Garbage and refuse shall be prepared and placed for collection in accordance **with** Appendix 1 of this policy.

Toters and toter decals will be issued in accordance with Appendix 2 of this policy.

Toter decals issued in accordance with Appendix 2 of this policy must be affixed to the front of toters. The address to which the toter is assigned must be written in permanent ink on the decal.

Collection will occur in accordance with routes and schedules approved by the Town Manger.

## 2. Single-family residential uses (Bulk Collection)

The Town of Berryville provides once per week curbside bulk refuse collection for single-family detached, duplex, and townhouse, uses in the town in accordance with provisions of Chapter 8 of the Berryville Code and policies and procedures established by the Council or Town Manager.

Bulk refuse shall be prepared and placed for collection in accordance **with** Appendix 1 of this policy.

Collection will occur in accordance with routes and schedules approved by the Town Manger.

## 3. Single-family residential uses (Appliance Collection)

The Town of Berryville provides once per week curbside appliance collection for single-family detached, duplex, and townhouse, uses in the town in accordance with provisions of Chapter 8 of the Berryville Code and policies and procedures established by the Council or Town Manager.

Appliances shall be prepared and placed for collection in accordance **with** Appendix 1 of this policy.

Stickers issued in accordance with Appendix 1 of this policy must be affixed to the front of appliance to be collected.

Collection will occur in accordance with routes and schedules approved by the Town Manger.

## 4. Commercial/Business, multi-family & institutional uses:

The Town of Berryville provides once or twice per week curbside garbage and refuse collection for designated commercial/business occupancies, multi-family, and institutional occupancies in the town in accordance with provisions of Chapter 8 of the Berryville Code and policies and procedures established by the Council or Town manager.

Service is provided to qualified uses within the Special Service Area in accordance with the Special Service Area Ordinance adopted by the Council on [REDACTED] which is found in Appendix 4 of this policy.

Garbage and refuse shall be prepared and placed for collection in accordance Appendix 1 of this policy.

Toters and toter decals will be issued in accordance with Appendix 2 of this policy.

Toter decals issued in accordance with Appendix 2 of this policy must be affixed to the front of toters. The address to which the toter is assigned must be written in permanent ink on the decal.

Collection will occur in accordance with routes and schedules approved by the Town Manger

## **B. Recyclables Collection**

### **1. Single-family residential uses**

The Town of Berryville provides once per week curbside recyclable materials collection for single-family detached, duplex, and townhouse uses in the town in accordance with provisions of Chapter 8 of the Berryville Code and policies and procedures established by the Council or Town Manager.

Recyclable materials shall be prepared and placed for collection in accordance with Appendix 1 of this policy.

Bins and bin decals will be issued in accordance with Appendix 2 of this policy.

Bin decals issued in accordance with Appendix 2 of this policy must be affixed to the front of bin. The address to which the bin is assigned must be written in permanent ink on the decal.

Collection will occur in accordance with routes and schedules approved by the Town Manager.

## 2. Commercial/Business, multi-family & institutional uses

The Town of Berryville provides once per week curbside recyclable materials collection for designated commercial/business, multi-family, and institutional uses in the town in accordance with provisions of Chapter 8 of the Berryville Code and policies and procedures established by the Council or Town Manager.

Service is provided to qualified uses within the Special Service Area in accordance with the Special Service Area Ordinance adopted by the Council on [REDACTED] which is found in Appendix 4 of this policy.

Recyclable materials shall be prepared and placed for collection in accordance Appendix 1 of this policy.

Bins and bin decals will be issued in accordance with Appendix 2.

Bin decals issued in accordance with Appendix 2 of this policy must be affixed to the front of toters. The address to which the bin is assigned must be written in permanent ink on the decal.

Collection will occur in accordance with routes and schedules approved by the Town Manager.

## **C. Yard Waste Collection**

### Single-family residential uses

The Town of Berryville provides once per week curbside yard waste collection for single-family detached, duplex, and townhouse uses in the town in accordance with provisions of this chapter and policies and procedures established by the Council or Town Manager.

Yard waste shall be prepared and placed for collection in accordance Appendix 1 of this policy.

Collection will occur in accordance with routes and schedules approved by the Town Manager.

## **II. Dumpsters**

Dumpsters shall be screened and maintained in accordance provisions of Chapter 8 and this policy. Appendix 3 of this policy provides specific requirements for permitting, siting, screening, and maintenance.

TIE TO TERMS IN ZONING ORDINANCE Multi-family and Institutional uses or occupancies

## **Garbage and Refuse, Recyclables, and Yard Waste Policy**

### **Appendix 1**

#### **Garbage and Refuse, Recyclables, and Yard Waste Preparation and Placement for Collection by Town Draft 11/26/18 Amended 2/26/19**

##### **I. Garbage and refuse**

###### **A. *Garbage and refuse accepted for collection***

As a part of its garbage and refuse curbside collection program, the Town or its contractors will collect garbage and refuse as defined in Chapter 8 of the Berryville Code and which is accepted by the Fredrick County, Virginia sanitary landfill.

Accepted items include household garbage and refuse such as paper, cartons, debris, food packaging, clothing, and waste resulting from the handling, preparation, cooking, serving, or consumption of food

###### **B. *Garbage and refuse not collected***

Neither the Town nor its contractors will collect solid waste identified as uncollectable in Section 8-22 of the Berryville Code or any waste which is prohibited from being disposed of in the Fredrick County, Virginia sanitary landfill.

Items that will not be collected include: hazardous waste, construction debris, industrial waste, yard waste, solid waste generated or collected outside of the corporate limits, livestock or fowl excrement, and ashes containing active coals.

###### **C. *Preparation and placement for collection – garbage and refuse (excluding bulk refuse and appliances).***

1. All garbage and refuse to be collected by the town shall be placed in securely closed disposable plastic bags and placed in a toter provided by the Town or its contractor in accordance with provisions of the Berryville Code and this Policy.
2. Garbage and refuse shall be placed inside the toter in such a manner that allows for the integrated lid to completely close.
3. All toters containing materials for collection by the town shall be set out not later than 7:00 a.m. on collection days. No toters may be set out for collection more than twenty-four (24) hours before the established collection time and empty toters shall be removed on the same day of collection.

4. Toters set out for collection shall be placed near the edge of pavement, edge of road, or in a location approved by the town manager to enable the automatic arm of the collection vehicle to pick up the toter. No collector shall enter any building for removal of garbage and refuse.

*D. Preparation and placement for collection – bulk refuse*

1. Party desiring the bulk refuse to be collected (requestor) must contact the Berryville Business Office to schedule a collection. The Business Office is to be provided with the requester's name, address, contact information, and a description of the items to be collected.
2. If the Town Business Office staff determines that the items described are acceptable for bulk collection, then a collection date is communicated to the requester.
3. Requester must place items to be collected on their property at a point close to the fronting street right-of-way or other location as directed by the Town.
4. Items may not be placed out for collection more than 24 hours before scheduled collection.
5. No items placed out for collection may be placed on streets, sidewalks, or on the property of others, in storm drainage ditches, or in front of fire hydrants.
6. Any items deemed unacceptable for collection will be left by collectors and must be removed or collected by the requestor within 24 hours of the determination that they would not be collected.

*E. Preparation and placement for collection - appliances*

1. Party desiring appliance collection (requester) must purchase an appliance collection sticker from the Town Business Office.
2. Requester must provide the Town Business Office with requester's name, address, contract information and a description of the appliance to be collected and schedule a collection date.
3. Requester must affix the collection sticker to the appliance to be collected and place it on their property at a point close to the fronting street right-of-way or other location as directed by the Town.
4. Appliances must be empty, may not be placed out for collection more than 24 hours before scheduled collection, and must be secured as required by law to prevent injury or entrapment.
5. No appliances placed out for collection may be placed on streets, sidewalks, or on the property of others, in storm drainage ditches, or in front of fire hydrants.
6. Any items deemed unacceptable for collection will be left by collectors and must be removed or collected by the requestor within 24 hours of the determination that they would not be collected.

II. Recyclables

*A. Recyclables accepted for collection*

As a part of its recyclables curbside collection program, the Town or its contractors will collect recyclables as determined in the contract between the Town and its collection contractor.

Accepted items include such as newspaper, envelopes, phone books, magazines, file folders poster board, cardboard boxes milk cartons, plastics #1 - #7, aluminum cans, **and** steel cans, clear and colored glass beverage containers and food jars. All items must be empty, clean, and dry.

*B. Recyclables not collected*

Neither the Town nor its contractors will collect contaminated recyclables, batteries, sheet plastic, plastic bags, bubble wrap, Christmas lights, coat hangers, Styrofoam, rubber balls, diapers, electrical cords, food waste, food wrap, garden hose, syringes, razor blades, tires, sports equipment, stuffed animals, waxed cartons, wood/yard waste, light bulbs or tubes, computers or electronics, toxic material containers, **paint**, or any solid waste restricted from collection as a part of any other part of its waste collection program.

*C. Preparation and placement for collection– Recyclable materials (except cardboard)*

1. Recyclables to be collected by the town shall be placed in a bin provided by the town or its contractor in accordance with provisions of the Berryville Code and this Policy. All liquids shall be drained from the item prior to placement in the container.
2. All items placed in the bin shall be done in a manner to prevent escape as a result of wind and weather conditions.
3. All bins containing materials for collection by the town shall be set out not later than 7:00 a.m. on collection days. No bins may be set out for collection more than twenty-four (24) hours before the established collection time and empty bins shall be removed on the same day of collection.
4. Bins set out for collection shall be placed near the edge of pavement, edge of road, or in a location approved by the town manager to enable the automatic arm of the collection vehicle to pick up the toter. No collector shall enter any building for removal of recyclable materials.

*D. Preparation and placement for collection - Recyclable materials - Cardboard*

1. Cardboard containers to be collected by the town or its contractor for recycling, need not be placed in containers but will be collected if flattened and securely tied in compact bundles that can be handled by one collector. No such bundle shall exceed four (4) feet in length and fifty (50) pounds in weight.

2. Bundles shall be placed beside bins. No collector shall enter any building for removal of cardboard.
3. No cardboard may be set out for collection more than twenty-four (24) hours before the established collection time

### III. Yard waste

#### A. Yard waste accepted for collection

As a part of its yard waste curbside collection program, the Town or its contractors will collect yard waste generated by the owner or occupant of properties within Town.

Accepted items include: small tree branches, small stumps free of dirt and rocks, shrubbery, and brush.

#### B. Yard waste not collected

Neither the Town nor its contractors will collect rocks and hardscape materials, large stumps, any stumps containing rocks or dirt, dirt, sod, plastic bags, grass clippings or food waste.

#### C. Preparation and placement for collection- Yard waste

1. Small tree branches, shrubbery, and brush to be collected by the town shall be securely tied in compact bundles that can be handled by one collector. No such bundle shall exceed four (4) feet in length, twelve (12) inches in diameter and fifty (50) pounds in weight. Large branches to be collected shall not exceed four (4) feet in length, six (6) inches in diameter and fifty (50) pounds in weight. Bundles and large branches to be collected by the town shall be placed near the edge of pavement, or edge of road, or in a location approved by the town manger so they can be easily reached by the collectors. No bundles placed out for collection may be placed on streets, sidewalks, or on the property of others, in storm drainage ditches, or in front of fire hydrants.
2. Leaves to be collected by the town during the annual leaf collection period shall be piled adjacent to street curbs, but shall not cover any portion of a sidewalk, gutter pan, ~~StreetSide~~ **street side** ditch, drainage improvement, or fire hydrant. Leaf piles shall contain no rocks or other items that might damage the leaf collection equipment. During the annual leaf collection period leaves will be collected by the town in accordance with standards and a schedule approved by the town manager and posted on the town website.
3. Loose yard waste, including leaves, to be collected by the town shall be placed in paper bags and placed near the edge of pavement, edge of road, or in a location approved by the town manager, so they can be reached easily by the collectors. No such bag may exceed fifty (50) pounds in weight. All paper bags containing loose yard waste for collection by the town shall be set out not later than 7:00 a.m. on

collection days. No such bags may be set out for collection more than forty-eight (48) hours before the established collection time. No bags placed out for collection may be placed on streets, sidewalks, or on the property of others, in storm drainage ditches, or in front of fire hydrants.

4. No single collection for any parcel, excluding leaves to be collected by leaf vacuum during the annual leaf collection period, may exceed one hundred (100) pounds.

5. The town manager may suspend or modify yard waste preparation requirements and collection limits if he determines such a suspension or modification necessary; provided that, the determination is made in writing, is reported to the council within fifteen (15) days of the determination, and no single such determination suspends or modifies requirements for more than ninety (90) days.

## Garbage and Refuse, Recyclables, and Yard Waste Policy

### Appendix 2 Issuance of Toters, Bins, and Decals Draft 11/26/18 Amended 2/25/19

#### I. Toters (Garbage and Refuse)

The Town will issue, or permit to be issued, toters in accordance with the following schedule:

Type of use *	Collection Frequency (Per Week)	Maximum Number of Toters Issued **
Single-family	1	2
Attached residential	1	<del>2</del> <u>1</u>
Multifamily *	N/A	N/A
Commercial (non restaurant) *	1	2
Commercial (restaurant) *	2	2
Institutional	1	2
Industrial	N/A	N/A

\* Specific use of property must qualify for curbside collection by the Town.

Garbage and refuse generation by any use which exceeds the capacity of permitted containers shall be disposed of by the occupant. Such disposal shall be accomplished in a manner consistent with applicable law and policy.

**\*\* Additional toters will be issued upon payment of annual fee. The annual fee for each additional toter is \$180.**

#### II. Bins (Recyclables)

The Town will issue, or permit to be issued, toters in accordance with the following schedule:

Type of use *	Collection Frequency (Per Week)	Maximum Number of Bins Issued
Single-family	1	No limit <u>3</u>
Attached residential	1	No limit <u>3</u>
Multifamily *	N/A	N/A

Commercial (non restaurant) *	1	No limit <u>3</u>
Commercial (restaurant) *	1	No limit <u>3</u>
Institutional	1	No limit
Industrial	N/A	N/A

\* Specific use of property must qualify for curbside collection by the Town.

### III. Toter and Bin Decals

The Town will issue a decal for each toter and bin issued in accordance with this policy. The party to which toters or bins are issued must affix decal on front of toter or bin and using permanent ink and write the address to which the toter or bin is assigned **in accordance with the diagram below.**

**DIAGRAM**

## **Garbage and Refuse, Recyclables, and Yard Waste Policy**

### **Appendix 3 Dumpsters Draft 11/26/18 Amended 2/26/19**

#### **I. Permit to locate dumpster - generally**

- A. No person may locate any dumpster, either temporarily or permanently, in the town without an approved zoning permit.
- B. Applications to locate dumpsters, along with any application fees, shall be submitted to the Zoning Administrator.
- C. The Zoning Administrator will review applications for compliance with Berryville Code, Berryville Zoning Ordinance, and this Policy and will issue zoning permits when all requirements are met.

#### **II. Temporary placement or location of dumpsters:**

- A. Placement of a dumpster shall be deemed temporary if said placement does not exceed 180 days.
- B. Within street right-of-way (Town) – Zoning Administrator may condition approval on provision of safety measures deemed necessary, proof of insurance, and maximum time dumpster may remain on right-of-way. No dumpster may be located in the public right-of-way within the Special Flood Hazard Area as identified on the Flood Insurance Rate Map.
- C. Within street right-of-way (VDOT) – Zoning Administrator may condition approval on VDOT approval, provision of safety measures deemed necessary, proof of insurance, and maximum time dumpster may remain on right-of-way. No dumpster may be located in the public right-of-way within the Special Flood Hazard Area as identified on the Flood Insurance Rate Map.
- D. On private property or public property not within street rights-of-way – Zoning Administrator may condition approval on provision of safety measures deemed necessary and maximum time dumpster may remain on property. No dumpster may be located within the Special Flood Hazard Area as identified on the Flood Insurance Rate Map unless the Zoning Administrator determines that necessary steps will be taken to secure the dumpster in a manner that will prevent it from becoming a hazard during a flood event.

#### **III. Permanent placement or location of dumpsters (in excess of 180 days):**

- A. Placement of a dumpster shall be deemed permanent if said placement exceeds 180 days.

- B. Within street right-of-way (Town) - No dumpster may be placed or located in a street right-of-way for a period exceeding 180 days.
- C. Within street right-of-way (VDOT) – No dumpster may be placed or located in a street right-of-way for a period exceeding 180 days.
- D. On private property or public property not within street rights-of-way – Zoning Administrator will condition approval upon siting and construction of any required screening or enclosure. No dumpster may be sited in such a way that the collection of solid waste or recyclable materials will impede pedestrian or vehicular traffic on public rights-of-way or otherwise create a safety hazard. No dumpster may be located within the Floodway portion of the Special Flood Hazard Area as identified on the Flood Insurance Rate Map unless the Zoning Administrator determines that necessary steps will be taken to secure the dumpster in a manner that will prevent it from becoming a hazard during a flood event.

IV. Maintenance of dumpsters, dumpster pads, dumpster enclosures, and surrounding area

- A. All dumpsters, and the immediate area around them, shall be kept clean and sanitary at all times.
- B. Solid waste shall be completely contained within such container, all doors of the unit shall be kept closed, and all drain plugs shall be tightly secured.
- C. Solid waste shall be removed at intervals necessary to prevent a condition that might endanger the health of residents of the town or constitute a nuisance.

V. Dumpster Enclosure Minimum Standards

- A. Dumpster enclosures erected and maintained within the Town shall meet the following minimum standards:

- 1. Properties Zoned and Used for Residential, Commercial, or Institutional Use

- a. *Slab*

- 4" inch concrete pad with wire mesh installed on a 4" course of compacted 21B stone

- b. *Walls*

- Enclosure walls must consist of opaque wood fence (either solid or board of board) or masonry walls six feet in height with two openings: one large enough to permit siting and servicing the dumpster or dumpsters and the other pedestrian entrance.

c. *Gates*

The two enclosure wall openings must be screened by gates which are also opaque and can be securely closed when not in use.

d. *Protective bollards*

Protective bollards at least 3 feet in height must be installed on the front (side of large opening for servicing dumpsters) corners of the enclosure.

2. Properties Zoned for Business or Industrial Use

a. *Slab*

4" inch concrete pad with wire mesh installed on a 4" course of compacted 21B stone

b. *Walls*

Enclosure walls must consist of chain link fence with opaque slats, opaque wood fence (either solid or board of board) or masonry walls six feet \* in height with two openings: one large enough to permit siting and servicing the dumpster or dumpsters and the other pedestrian entrance.

\* Administrative Body or Zoning Administrator may require height of fence or wall to be greater than six feet but no greater than ~~ten~~ **fourteen** feet.

c. *Gates*

The two enclosure wall openings must be screened by gates which are also opaque and can be securely closed when not in use.

d. *Protective bollards*

Protective bollards at least 3 feet in height must be installed on the front (side of large opening for servicing dumpsters) corners of the enclosure.

# APPENDIX 4

## An Ordinance Establishing a Special Service Area for Garbage and Refuse and Recyclables Collection

BE IT ORDAINED, by the Council of the Town of Berryville, that in accordance with Section 8-16 of the Berryville Code, the Council hereby establishes a Special service area to provide for curbside collection of garbage and refuse and recyclables on properties zoned C General Commercial District, C-1 Commercial District, and R-3 Residential District.

Properties within the Special service area are eligible for curbside collection of garbage and refuse and recyclables in accordance with Chapter 8 of the Berryville Code and the Town's Garbage and Refuse, Recyclables, and Yard Waste Collection Policy; provided that the Town Council determines that lot size, development pattern, or access limitation preclude property owners or occupants from siting a dumpster of an appropriate size for the property's needs or the property is being used for single-family or attached residential occupancy.

The Council reserves the right to place any limitations on curbside collection within the Special service area that it deems necessary.

## **Establishment of Collection Routes and Times Draft 11/26/18**

### Garbage and Refuse

Curbside collection of residential garbage and refuse, as defined and permitted in Chapter 8 of the Berryville Code and the Garbage and Refuse, Recyclables, and Yard Waste Policy, will occur on the following schedule as conditions permit:

- Areas east of Buckmarsh Street (including the east side of Buckmarsh Street) will be collected on Thursdays.
- Areas west of Buckmarsh Street (including the west side of Buckmarsh Street) will be collected on Fridays.

Curbside collection of commercial garbage and refuse, as defined and permitted in Chapter 8 of the Berryville Code and the Garbage and Refuse, Recyclables, and Yard Waste Policy, will occur on the following schedule as conditions permit:

- Customers receiving once per week collection will have their waste collected on Fridays
- Customers receiving twice per week collection will have their waste collected on Tuesdays and Fridays.

### Recyclables

Curbside collection of recyclables, as defined and permitted in Chapter 8 of the Berryville Code and the Garbage and Refuse, Recyclables, and Yard Waste Policy, will occur on the following schedule as conditions permit:

- Areas east of Buckmarsh Street (including the east side of Buckmarsh Street) will be collected on Thursdays.
- Areas west of Buckmarsh Street (including the west side of Buckmarsh Street) will be collected on Fridays.

### Bulk Refuse and Appliances

Collection of bulk refuse and appliances as defined and permitted in Chapter 8 of the Berryville Code and the Garbage and Refuse, Recyclables, and Yard Waste Policy, will occur on the following schedule as conditions permit:

- Collection will occur on Wednesdays

### Yard Waste

Collection of yard waste, as defined and permitted in Chapter 8 of the Berryville Code and the Garbage and Refuse, Recyclables, and Yard Waste Policy, will occur on the following schedule as conditions permit:

- Collection will occur on Mondays

The Town reserves the right to modify routes and collection times at any time. Routes and collection times may be modified because of inclement weather, holidays, mechanical failures, or other reasons deemed appropriate by the Town Manager or designee.

Chapter 8

**Garbage and Refuse, Recyclables, and Yard Waste**

Art. I. In General, §§ 8-1 – 8-14

Art. II Collection by town, §§ 8-15 – 8-34

Art. III Collection by others, §§ 8-35 -

**ARTICLE I. - IN GENERAL**

Sec. 8-1. – Definitions

For the purposes of this chapter, the following words and terms shall have the meanings ascribed to them by this section.

Appliance – Durable good for household use (e.g. **including but not limited to** clothes washers and dryers, water heaters, ovens, microwave ovens, refrigerators, dehumidifiers, televisions, and computers and computer components).

Bin – Town or contractor furnished recyclable materials container.

Bulk refuse – Large household refuse not reasonably placed in totor for collection (e.g. furniture, mattresses, and box springs).

Collection – Removal of solid waste, garbage and refuse and/or recyclable materials from its place of origin or storage to a collection vehicle.

Collection vehicle – Any vehicle used to collect or transport solid waste, garbage and refuse or recyclable materials.

Collector – Any person engaged in the business of collection and transportation of solid waste, garbage and refuse or recyclable materials.

Commercial /business waste - Solid waste, garbage and refuse or recyclable materials emanating from establishments engaged in business operations other than manufacturing. This category includes but is not limited to solid waste, garbage and refuse or recyclable materials emanating from such establishments as stores, markets, offices (**excluding home offices and home occupations**), and restaurants.

Construction, clearing and/or demolition debris- The waste building material, packaging, and rubble resulting from construction, land clearing, remodeling, repair, and demolition operations on pavements, houses, vacant land, commercial buildings, and other structures.

Dumpster - Any container having a capacity in excess of one hundred (100) gallons designed to contain solid waste, refuse, and garbage, or recyclable materials and which is emptied by mechanical means.

Dumpster enclosure – An opaque enclosure, which conforms to specifications and standards established by the Council, in which a dumpster is placed.

Garbage- Putrescible animal or vegetable waste resulting from the handling, preparation, cooking, serving, or consumption of food.

Hazardous waste – Solid waste which because of its inherent nature and/or qualities requires special **handling care** during disposal to avoid creating environmental damage or hazards to public health or safety or landfill operations. Hazardous waste includes but it not limited to such items as petroleum waste, **paints**, plastics, explosives, acids, caustics, chemicals, poisons, drugs, radioactive materials, asbestos fibers, imported wool fibers, pathogenic wastes from hospitals, sanitariums, nursing homes, clinics and veterinary hospitals, waste from slaughterhouses, poultry processing plants and the like. (Residential solid waste normally contains very small amounts of hazardous waste but because they are found in such small amounts present no special problems for landfill operations. Therefore, residential waste is not considered to be hazardous waste within the meaning of hazardous waste used in the chapter).

Household waste – See “residential/household waste”.

Industrial waste- All solid waste, garbage and refuse or recyclable materials emanating from manufacturing, assembly of material, recycling, and other industrial activities.

Litter receptacle (Town maintained) – Container provided and maintained by the Town, whether free-standing or attached to a pole or other structure, in which refuse may be placed by passersby.

Mixed paper- Paper accepted for recycling by the Town.

Occupant – The person who resides on premises as owner or tenant.

Qualified commercial/business occupancy – A licensed business located within the special collection zone and meeting the requirements for garbage and refuse and/or recyclable materials collection by the town.

**Recyclables – Recyclable Materials emanating from single-family detached homes or condominiums, attached residential units, and apartments, and offices and commercial uses.**

Recyclable Materials – Raw or processed material that can be recovered from the waste stream for reuse.

Refuse – Discarded items including but not limited to paper, cartons, boxes, debris, cans, glass, food packaging, clothing and the like. Refuse does not include hazardous or unacceptable waste.

Residential/household waste - Garbage and refuse or recyclables emanating from single-family detached homes or condominiums, attached residential units, and apartments.

Sanitary landfill – A landsite on which engineering principles are utilized to bury deposits of solid waste without creating nuisances or hazards to public health or safety.

Solid Waste – As defined in 9 VAC 20-80-140 of the Solid Waste Management Regulations, Department of Environmental Quality, Commonwealth of Virginia.

Toter – Town or contractor furnished wheeled waste containers.

Town manager – The town manager of the Town of Berryville, Virginia, or authorized designee.

Town planner – The assistant town manager for community development/operations of the Town of Berryville, Virginia, or authorized designee. Position also serves as zoning administrator.

Transportation – The transporting of solid waste, garbage and refuse or recyclable materials from the place of collection to a disposal facility.

Unacceptable waste – Items enumerated in Sec. 8-22 of this chapter.

Vacant Property – A lot or parcel of real property either not improved by any structure or having a structure or structures neither occupied as a residence or devoted to any other use involving the presence of employees or other persons on business days.

Waste – Useless, unwanted, or discarded materials.

Waste generator – The person or entity who actually produces the residential, commercial, household, industrial, or institutional/governmental solid waste.

Yard waste – Leaves, twigs, shrubbery, and branches less than six (6) inches in diameter.

Sec. 8-2. - Violations of chapter.

Unless otherwise specifically provided, a violation of any provision of this chapter shall constitute a Class 4 misdemeanor.

**Cross reference**— Penalty for Class 4 misdemeanor, § 1-11.

Sec. 8-3. - Policies and procedures

The Town Council may by ordinance establish policies regarding the collection of solid waste and yard waste and may also by ordinance authorize the town manager to adopt procedures regarding the collection of solid waste and yard waste that are not inconsistent with this chapter.

Section 8-4. - Unlawful accumulations.

- (a) It shall be unlawful for any owner or occupant of any premises within the town to allow solid waste, garbage, refuse, recyclable materials, ashes, trash, litter or other substances which might endanger the health of other residents of the town to accumulate on such premises.
- (b) The owner of any property in the town shall remove accumulations referred to in subsection (a) above from such property ~~at intervals as may be~~ as prescribed by the town manager or designee in accordance with this section. Reasonable notice of the date fixed by the town manager for such removal shall be given by mail or delivery of a written notice to the owner of such property.

- (c) Upon the failure of the owner of property to remove solid waste, garbage, refuse, recyclable materials, ashes, trash, litter and other substances which might endanger the health of other residents of the town, as provided in the notice given pursuant to subsection (b) above, the town manager may have such refuse, garbage, trash, litter and other substances removed and bill the owner for the work. Upon the owner's failure to pay such bill by tax billing time, such bill shall be placed upon the tax bill of the owner so as delinquent and collected as taxes are collected.

(Code 1971, §§ 8-1, 8-3)

**Cross reference**— Open storage of inoperative vehicles in certain zoning districts, § 13-30; abandoned or discarded refrigerators or other airtight containers, § 13-31; cutting and removal of weeds and other foreign growth on vacant property, § 13-32; maintenance of property abutting Town Run, § 13-33.

**State Law reference**— Authority for above section, Code of Virginia, § 15.2-901.

Sec. 8-5. - Disposal in town of refuse, garbage, trash etc., accumulated outside town.

It shall be unlawful and a Class 3 misdemeanor for any person to place, dump or otherwise dispose of solid waste, refuse, garbage, trash, litter, recyclable materials or any other unsightly matter that has been accumulated or collected outside the corporate limits of the town at any place within the town.

(Ord. of 2-13-73; Ord. of 2-13-79, § 8-15)

**Cross reference**— Penalty for Class 2 misdemeanor, § 1-11.

**State Law reference** – Authority for above section, Code of Virginia, § 15.2-928

Sec. 8-6. - Upsetting, tampering and misusing litter receptacles maintained by the town.

No person shall cause the removal, upsetting, mutilation or defacing of, or tamper with any litter receptacle maintained by the town, cause the contents thereof to be spilled or to be strewn in or upon any public place or private premises, or use such receptacle for disposal of commercial/business or household refuse. **Collectors, employees of the town or other governmental agencies involved in duly authorized investigations shall be exempt from this prohibition.**

(Ord. of 2-13-01)

**State Law reference**— Authority for above section, Code of Virginia, Section 15.2-928.

Sec. 8-7. – Dumpsters, placement, enclosure, prohibited times for emptying.

- (a) No person shall locate any dumpster, either temporarily or permanently, in the town without an approved zoning permit. Zoning Permit applications to locate dumpsters will be reviewed in accordance with this chapter, the Zoning Ordinance, and policies and procedures established by the council.
- (b) Effective \_\_\_\_\_, all dumpsters visible from a public right-of-way shall be enclosed within an approved dumpster enclosure. Failure to comply with this enclosure requirement shall result in \_\_\_\_\_.

(c) All dumpsters, and the immediate area around them, shall be kept clean and sanitary at all times. Solid waste shall be completely contained within such container, all doors of the unit shall be kept closed, and all drain plugs shall be tightly secured.

(d) It shall be unlawful for any individual, business or corporation to empty a dumpster in town between the hours of 10:00 p.m. and 7:00 a.m. except within industrially zoned areas of the town.

**State Law reference** – Authority for above section, Code of Virginia, § 15.2-930

(Ord. of 1-12-99)

**Sec. 8-8. – Requirements for collection vehicles**

- (a) All collection vehicles shall be kept and maintained in a clean and sanitary condition, and shall be so constructed, maintained and operated as to prevent spillage of the type of solid waste, garbage and refuse, and recyclables to be transported therein. All collection vehicles used in the collection of garbage shall be constructed and maintained with watertight bodies and with covers of metallic or other rigid, impervious material, or, in the alternative, the entire bodies thereof shall be enclosed, with only loading hoppers exposed.
- (b) Special vehicles used in new or experimental methods of refuse collection may be permitted by the town manager, when such authorization is in writing.

**Sec. 8-9. – Picking through contents of toters, bins, or dumpsters.**

It shall be unlawful for any person to pick through, handle or interfere with the contents of any toter, bin, or dumpster under the provisions of this article. Collectors, employees of the town or other governmental agencies involved in duly authorized investigations, as well as the occupant or waste generator utilizing the toter, bin, or dumpster, shall be exempt from this prohibition.

Secs. 8-10—8-14. - Reserved.

**ARTICLE II. - COLLECTION BY TOWN**

FOOTNOTE(S):

--- (2) ---

**Cross reference**— Department of public works responsible for refuse collection, § 2-53.

**State Law reference**— Local recycling and waste disposal; powers; penalties, Code of Virginia, § 15.2-928. Authority for town to regulate garbage and refuse disposal, Code of Virginia, § 15.2-927. Regulation of garbage and refuse pickup and disposal services; contracting for such services, Code of Virginia, § 15.2-930

**Sec. 8-15 – Collection of garbage and refuse and recyclable materials**

The town will furnish garbage and refuse and recyclable materials collection in accordance with provisions of this chapter and policies and procedures established by the council or town manager.

Sect. 8-16 - Special service areas

The council may by ordinance establish special service areas, in which the town will furnish garbage and refuse and/ or recyclables collection to qualified occupancies. The ordinance establishing a special service area will delineate boundaries of the area, establish requirements for provision of collection services, and the services provided. Upon establishment of a special service area the Town will furnish garbage and refuse and/or recyclables collection to qualified occupancies within the town's special service area ~~town~~ in accordance with provisions of this chapter and policies and procedures established by the council or town manager.

Sec. 8-17. - Collection times and routes – garbage and refuse and recyclable materials.

The town manager shall establish and specify the days and hours each week when garbage and refuse and recyclable materials will be collected and the routes to be served at the times so specified.

(Ord. of 2-13-79, § 8-14)

**State Law reference** – Authority for above section, Code of Virginia, § 15.2-928.

Sec. 8-18. - Containers generally and preparation for collection – garbage and refuse.

- (a) All garbage and refuse to be collected by the town, except bulk refuse and appliances, shall be prepared and placed in toters in accordance with provisions of this chapter and policies and procedures established by the council or town manager.
- (b) The occupant of the premises supplied with the toter(s) **are required** to maintain it in a clean and sanitary condition.
- (c) Toters issued by the town or its contactor are the property of issuing entity. Toters shall bear address or collection identification required in accordance with provisions of this chapter and policies and procedures established by the council or town manager. Toters shall not be removed from the premises to which they are assigned.
- (d) Damaged toters reported to the town will be repaired or replaced as needed. The cost to replace or repair toters that are intentionally damaged or removed will be charged to the owners or tenants at the assigned address. In such instances, the owners or tenants will be assessed a replacement fee in accordance with provisions of this chapter and policies and procedures established by the council or town manager.
- (e) Bulk refuse and appliances to be collected by the town shall be prepared and placed for collection in accordance with the provisions of this chapter and policies and procedures established by the council or town manager.

**State Law reference** – Authority for above section, Code of Virginia, § 15.2-928.

(Ord. of 2-13-79, §§ 8-5, 8-7; Ord. of 11-13-90; Ord. of 10-13-98)

Sec. 8-19. – Containers generally and preparation for collection– For recyclable materials.

- (a) All recyclable materials to be collected by the town shall be prepared and placed in or beside bin(s) in accordance with provisions of this chapter and policies and procedures established by the council or town manager.
- (b) The occupant of the premises supplied with the bin(s) **are required** to maintain it in a clean and sanitary condition.
- (c) Bins issued by the town or its contactor are the property of issuing entity. Bins shall bear address and/or collection identification required in accordance with provisions of this chapter and policies and procedures established by the council or town manager. Bins shall not be removed from the premises to which they are assigned.
- (d) Damaged bins reported to the town will be replaced as needed. The cost to replace bins that are intentionally damaged or removed will be charged to the owners or tenants at the assigned address. In such instances, the owners or tenants will be assessed a replacement fee in accordance with provisions of this chapter and policies and procedures established by the council or town manager.

**State Law reference** – Authority for above section, Code of Virginia, § 15.2-928.

(Ord. of 2-13-79, § 8-9; Ord. of 10-13-98)

**State Law reference** – Authority for above section, Code of Virginia, § 15.2-928.

Sec. 8-20 – Reserved

Sec. 8-21. - Placement of containers on collection day - garbage and refuse and recycling.

- (a) All toters and recycling bins containing materials for collection by the town shall be set out not later than 7:00 a.m. on collection days. No toters or bins may be set out for collection more than twenty-four (24) hours before the established collection time and empty toters and bins shall be removed on the same day of collection.
- (b) Toters set out for collection shall be placed near the edge of pavement, edge of road, or in a location approved by the town manager to enable the automatic arm of the collection vehicle to pick up the toter. No collector shall enter any building for removal of garbage and refuse. **Discuss – not on property of others**
- (c) Recycling bins and cardboard bundles set out for collection shall be placed near the edge of pavement, edge of road, or in a location approved by the town manager, so they can be reached easily by the collectors. No collector shall enter any building for removal of recyclable materials.

(Ord. of 2-13-79, §§ 8-16, 8-17; Ord. of 11-13-90; Ord. of 10-13-98)

**State Law reference** – Authority for above section, Code of Virginia, § 15.2-928.

Sec. 8-22. - Certain solid waste and refuse and garbage not collected.

- (a) Rejected building materials, tin, contractors' waste, industrial waste, automobiles or parts thereof, including tires, shall not be collected by the town. In the event such material is found at collection points, collector shall tag the subject toter as unacceptable and notify the town manager **or designee**.
- (b) Hazardous waste shall not be collected by the town. In the event such material is found at collection points, collector shall tag the subject toter as unacceptable and immediately notify the town manager. Said materials shall only be removed under the supervision of persons qualified in the handling of hazardous waste.
- (c) No livestock animal or fowl excrement shall be collected by the town. In the event such material is found at collection points, collector shall tag the subject toter as unacceptable and notify the town manager.
- (d) Ashes containing live coals shall not be collected by the town. In the event such material is found at collection points, collector shall tag the subject toter as unacceptable and immediately notify the town manager.
- (e) Other materials prohibited from collection may be established accordance with provisions of this chapter and policies and procedures established by the council or town manager.
- (f) **Violations of this chapter** \_

**State Law reference** – Authority for above section, Code of Virginia, § 15.2-928.

Sec. 8-23. – Yard waste collection general.

The Town will furnish collection of yard waste from parcels in the town that is generated by owners or occupants in accordance with provisions of this chapter and policies and procedures established by the council or town manager.

Sec. 8-24. – Collection times and route – yard waste.

The town manager shall establish and specify the days and hours when yard waste will be collected and the routes to be served at the times so specified.

Sec. 8-25. - Containers generally and preparation for collection– For yard waste.

- (a) All yard waste to be collected by the town, shall be prepared for collection in accordance with the provisions of this chapter and policies and procedures established by the council or town manager.
- (b) Yard waste placed for collection that does not meet preparation standards or exceeds collection limits shall be tagged and left in place.

- (c) The town manager may suspend or modify yard waste preparation requirements and collection limits established in accordance with this chapter and the policies and procedures established by the council or town manager if the town manager determines such a suspension or modification necessary; provided that, the determination is made in writing, is reported to the council within fifteen (15) days of the determination, and no single such determination suspends or modifies requirements for more than ninety (90) days. Notice of such suspension or modification shall be provided to the public in accordance with standard practice of the town.

**State Law reference** – Authority for above section, Code of Virginia, § 15.2-928.

Sec. 8-26. – Certain yard waste not collected

- (a) Rocks and hardscape materials, large stumps, any stumps containing rocks and dirt, dirt, sod, plastic bags, grass clippings, **and** food waste shall not be collected by the Town.
- (b) Yard waste placed for collection containing unacceptable yard waste shall be tagged and left in place.
- (c) Other materials prohibited from collection may be established **in** accordance with provisions of this chapter and policies and procedures established by the council or town manager.
- (d) **Violations of this chapter**

Secs. 8-27—8-35. - Reserved.

ARTICLE III. - COLLECTION BY OTHERS

Sec. 8-36. – Collection provided by others

- (a) Owners or tenants of properties that do not receive collection services provided by the town shall be responsible for securing the services of a private waste hauler.
- (b) Areas in which solid waste is stored shall be keep clean and sanitary at all times. Solid waste shall be completely contained within dumpsters or containers.
- (c) Solid waste and garbage and refuse must be removed at intervals necessary to prevent a condition that might endanger the health of residents of the town or constitute a nuisance.
- (d) Collectors must adhere to all federal, state, and local regulations relating to collection, transportation, and disposal of solid waste.

Secs. 8-37—8-45. - Reserved.

**To:** Keith Dalton <townmanager@berryvilleva.gov>  
**Subject:** RE: Speeding traffic on Jack Enders Blvd.

As stated in Ms. Noland's original email

Neal White, chief of police, has come and put up a sign that registers speed. One day I saw him and said that one day he will read in the paper "Local teacher killed crossing the road to get her paper."

In my view, that Ms. Noland spoke to Chief White about the matter constitutes filing a complaint. If you believe otherwise, please let me know how citizens are to 'officially' register complaints or concerns.

thank you

Pat:

To assist us in putting information together for the Committee:

Regarding this statement in your email - In the situation presented by Mrs. Noland, she stated that she had previously made her concerns known to you and Chief White, that you had taken action, and that the situation was not resolved to her satisfaction - When did Ms. Noland make her concerns known to me? Also, when did she file a complaint with Chief White?

Take care,

Keith

**To:** Keith Dalton <[townmanager@berryvilleva.gov](mailto:townmanager@berryvilleva.gov)>  
**Subject:** RE: Speeding traffic on Jack Enders Blvd.

Mr. Dalton, I offer the following in response to your email dated Feb. 6, 12:16 PM

When a citizen brings a concern or complaint to town staff and that concern or complaint is addressed to the citizen's satisfaction, then I believe the matter should be considered closed.

However, should a citizen's concern or complaint not be resolved to the citizen's satisfaction, and the citizen reaches out to a member of Town Council, then I believe it is the Town Council member's duty as the town's elected representative to address the matter. Each town council member must decide for him or herself if the matter is either something that a citizen should not reasonably expect the town to address or that the matter merits further consideration. In the case of the former, the town council member should communicate with the citizen and let the citizen know that they are not willing to take further action. In the case of the latter, the town council member should take whatever action he or she deems appropriate - up to and including bringing the matter to TC.

It has been my experience that most citizens do not typically contact me with their initial complaint. Typically, I am contacted when the citizen has not received a response from the town that he or she finds satisfactory. There have been

a few instances when I was the first person notified, but those occasions have been quite infrequent and, as I recall, I have forwarded those complaints and concerns to you without a request for further involvement.

In the situation presented by Mrs. Noland, she stated that she had previously made her concerns known to you and Chief White, that you had taken action, and that the situation was not resolved to her satisfaction. Therefore she contacted me, which is her right - remember I work for the people, you work for the Town Council. If she cannot bring her concern to a member of Council with the expectation that her request will be considered, then why do we have a Town Council?

In reviewing her concern I determined that the situation would best be handled in the Public Safety committee. Then, based on the information you are to provide, the committee and town staff can work toward an agreed upon course of action. If the committee or town staff is not satisfied with the outcome of the meeting, the matter could be brought to TC - by either town staff, the committee or an individual member of council.

Your comment that "P&S Committee is supervising and directing the Chief" is inaccurate. As in all matters, the TC provides guidance, sets expectations and holds staff accountable for the results they generate. I do not see this conversation as supervising and directing the Chief.

Please be sure to add this item to the February PS Committee meeting agenda and have the requested data available for that meeting.

Thank you

Patricia Dickinson

**From:** Keith Dalton  
**Sent:** Wednesday, February 06, 2019 12:16 PM  
**To:** Donna McDonald; Patricia Dickinson (Mayor); Diane Harrison  
**Subject:** FW: Speeding traffic on Jack Enders Blvd.

Public Safety Committee:

The email thread below is forwarded to you at the request of Mayor Dickinson.

I think it is important to discuss how the Town approaches speeding complaints. Is it the will of the P&S Committee and the Council as a whole to address all such complaints at meetings? I recommend against this approach because I think that our response to citizens will be delayed and staff work load (mainly moving paper) will be increased. Further, it appears to me that we are heading into a posture where the P&S Committee is supervising and directing the Chief. That is not how this organization is structured.

As with any complaint of this sort that I receive, I will meet with Chief White and discuss how we should approach the matter. Once we have put together an approach I will let you know how we are proceeding. If the Council does not agree with the approach, then the matter could either go the P&S Committee where the Committee would make a recommendation to the TC to provide me with specific direction on the matter or the TC just take it up directly.

Take care,

Keith

Keith R. Dalton, Town Manager  
Town of Berryville, Virginia  
101 Chalmers Court, Suite A  
Berryville, VA 22611

**Subject:** FW: Speeding traffic on Jack Enders Blvd.

Please let the Public Safety and Streets and Utilities committee members know about Ms. Noland's concern and please provide the Public Safety committee with the report mentioned in my email.

thank you

Patricia Dickinson

**To:** Michelle Noland  
**Subject:** RE: Speeding traffic on Jack Enders Blvd.

Ms. Noland  
Thank you for the email.

I have passed this on to Chief White and Keith Dalton and I will add this to the agenda of the next public safety committee meeting, scheduled for February 27. In preparation for that meeting I will ask Chief White to prepare a background report that would include traffic data study results, remediation efforts taken in the past two years and the results those efforts have produced (to include traffic enforcement).

The committee can then work with the Chief and Town Manager to develop a strategy to address the situation. If road signage or other modifications are required, then the Streets and Utilities Committee will need to be included. As I serve on each of these committees, there should be a concentrated and integrated approach to address the situation.

Please keep me informed of any changes to the situation or if you have additional concerns.

Thanks again, and I will keep you posted on our progress.

Pat

**Subject:** Speeding traffic on Jack Enders Blvd.

Dear Mayor Dickinson,

I recently saw that a study was finished on Buckmarsh St. concerning speeding. I would love for someone to do a study on Jack Enders Blvd. Every afternoon after work, I stop at the top of my drive ( Williamstead Pvt Lane) and have to cross Jack Enders Blvd. to get my paper. It can be a scary thing. It is supposed to be 25 mph but I dare say few obey that limit. I have had a truck gun its engine and speed up forcing me to run across the street. I assume the driver found it humorous watching a 62 year old lady run. There are 2 young children who live at the top of our drive. I know that the parents have expressed their concern about the speeding cars. Dev Morrison lives on the other side of our drive and I believe he would validate my concerns.. Neal While, chief of police, has come and put up a sign that registers speed. One day I saw him and said that one day he will read in the paper "Local teacher killed crossing the road to get her paper." I have in the past seen radar set up near where the road forks (Jack Enders and Springsbury) but it has been a while. I would gladly have you meet me at the top of my drive to witness what goes on. Someone said that perhaps they do not want to enforce the speed limit because it will discourage business in the industrial park. I believe if the town needs revenue, they could make a fortune giving tickets on Jack Enders Blvd.

Thank you for your consideration of this matter,

Sincerely,

Michelle Noland

**Subject:** Jack Enders Speed Survey  
**Attachments:** Jack Enders\_02-2019\_Speed\_Tab.pdf

Keith,

I have attached the speed survey conducted on Jack Enders Boulevard for your review. The device was placed near Blue Ridge Street as there are no utility poles south of that location to deploy the device. In the report, lane 1 is data for northbound vehicles and lane 2 southbound. You will see that the 85<sup>th</sup> percentile speeds are 37 and 38 mph.

From the report I have generated and distributed to staff an enforcement evaluation tool that prioritizes times when most violations take place in order to conduct speed enforcement activities.

W. Neal White  
Chief of Police  
Town of Berryville

Office – 540.955.3863  
Fax – 540.955.0207
