ITEM NO. 2-1

GENERAL

- A. Clarification: VDOT Prequalification(s) of Bidders and proposed Subcontractors is desirable, however that is not a requirement for this project.
- B. The East Fairfax Street Plan Sheet has been marked up to clarify two items: (1) The existing conditions at west end of the project and work associated with connecting to the existing sidewalk at that location; (2) A note indicating that the pedestrian crosswalk markings at east end of the project are not required or included in the bid scope of work. Below are snapshots of those marked up areas of the plan. A full copy of the modified plan with these marked-ups has been uploaded to the bid documents FTP site set up by Pennoni for the subject project.
